

MULTIPURPOSE EXTREME PRESSURE GEAR LUBRICANTS

PRODUCT DESCRIPTION

Multipurpose extreme pressure lubricants is a multi-purpose sulfur-phosphorus tacky gear oil meeting the requirements of API service classification GL-5. It is manufactured from highest quality mineral base fortified with a tackiness agent, vi improvers, rust inhibitors, foam suppressant, anti wear and extreme pressure additive and pour point depressants. This gear oil is also suitable for machines operating over wide temperature range.

TYPICAL USES :

- API service quality GL-5
- Recommended for differential and conventional transmission in passenger cars and truck where GL-5 fluid are specified
- Suitable for industrial reduction gear where ep type oil are required
- Suitable as make-up in limited differentials

BENEFITS :

- Excellent EP Performance
- Good Demulsibility and Anti-Foam Properties
- Excellent Rust Protection
- Excellent Antiwear Performance
- Outstanding Oxidative Stability

TYPICAL PROPERTIES

ISO GRADE	150
VISCOSITY Cst 40 CLS	150
VISCOSITY Cst 100 CLS	14.8
Viscosity INDEX	110
FLASH POINT	215
POUR POINT	-10
